CENTRA-ZYMES

ENZYME/BACTERIA CULTURES

BioD'
gradable

TM

CENTRA-ZYMES is a superior system of powdered bacteria cultures designed for drain cleaning, sewage treatment, grease digestion, municipal installations, and industrial environments. This formulation contains a mixture of selected bacteria and enzymes derived from microorganisms stabilized on a suitable carrier. Where local conditions make it difficult to maintain a suitable pH in the sewage disposal system, the use of **CENTRA-ZYMES** is particularly advantageous.

ORDER #2W.10

ADDITIONAL PRODUCT INFORMATION

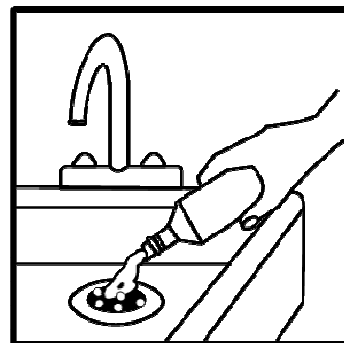

PHYSICAL PROPERTIES

CHEMICAL TYPE:	Enzyme/bacteria
COLOR:	White/brown
PHYSICAL STATE:	Powder
ODOR:	None
SPECIFIC GRAVITY:	N/A
FLAMMABILITY:	N/A
pH:	N/A
VISCOSITY:	N/A

- Contains 3 billion organisms per gram of facultative bacteria, anaerobic bacteria, and aerobic bacteria. Contains multiple enzyme systems and microbial nutrients.
- 25 pounds will take care of approximately 2,000 sq. ft. for 10-12 months, depending on the amount of solids in the pit.
- Contains no caustic materials; is not corrosive.
- Non-toxic to humans and animals.

AREAS OF USE

- Sewage systems
- Sewage plants
- Holding tanks
- Settling tanks
- Septic tanks
- Wet wells
- Lift stations
- Imhoff tanks
- Trickling filters
- Primary digesters
- Lagoons
- Lines leading to lagoons
- Dishwashing sinks
- Pot washing sinks
- Wash basins
- Shower stalls
- RV toilets
- Hog/cattle confinement pits
- Pits
- Portable toilets
- Home drain maintenance
- Grease traps
