

CENTZIBLE CLEANING SOLUTIONS

# POLAR CLEAN

## HARD-SURFACE CLEANER

An excellent neutral cleaner, **POLAR CLEAN** adjusts the pH of the water in which it is diluted, neutralizing the mixture (many neutral cleaners are neutral only *before* they are mixed with water). A film-free cleaner that removes dirt and other surface soils while preserving gloss, **POLAR CLEAN** can be used to neutralize floors after stripping as well as for many non-floor applications. It is a low-sudsing formula with a fresh, clean scent.

**ORDER #1J.11**

### ADDITIONAL PRODUCT INFORMATION

- Increases custodial efficiency when used regularly
- Floors are swept clean in a matter of minutes, regaining their original appearance
- No-rinse, multi-purpose, hard-surface cleaner
- Excellent maintainer for metal-interlock floor finishes; will not dull shine when used as directed
